

**Do you have time to check your MWF?**

**REMOVE THE ELEMENT OF DOUBT**

# WillFill operates autonomously, making regular checks and adjustments to your MWF

When the quality of the metalworking fluid changes, Will Fill will automatically adjust or notify you when action is needed. The device measures and reports on :-

- pH Levels.
- Concentration of oil/water mix.
- EC (Hardness of water).
- Coolant temperature
- Oil usage.
- Water usage.
- Coolant level.

Help ensure your coolant is always in optimum condition.
